# Upgrading clients to QuickBooks Online is seriously easy

We make it seriously easy to put clients on QuickBooks Online. Simply click on Add Client and follow the prompts. This is ideal for small businesses that aren't using an accounting solution (are still paper-based or using Excel for example) or your low transaction entities.

## Free data conversion

For those clients using desktop software like MYOB and Reckon Accounts (Hosted or Desktop), you can upgrade them to QuickBooks Online easily using the free data conversion service.

This is a great time saver and means you can convert your clients to the cloud any time of the year.
