Time-saving tools for your business made easy with QuickBooks[®].

Welcome to QuickBooks.

QuickBooks will help you see your finances in a whole new way: clear, organised, managed. Whether you're a seasoned entrepreneur or starting up your very first business, QuickBooks is your solution for efficient financial management.

Install QuickBooks in 3 easy steps

- 1. Shut down all running programs.
- 2. Insert the QuickBooks CD into your CD-ROM drive.

If installation does not start automatically:

- Click **Start** from your Windows menu.
- Choose Run.
- Type D:\seteup.exe (Where "D" is your
 CD-ROM drive).
- Click OK.
- 3. Follow the on-screen install instructions.

To start QuickBooks, double-click the QuickBooks icon on your desktop, or click the Windows **Start** button and then select **QuickBooks** from the Programs list.

Setting up your company

Get your company set up and ready to go easily on QuickBooks by following these simple steps:

 Click Create a new company.

Complete the 3 step Setup Interview.

3. You're then ready to create your company file.

Get started

Once your company file has been created, you can use the Home page to navigate through some of the more commonly used features.

Should you need to change any of the company information you completed during the Setup Interview, you can do so by choosing **Company Information** or **Preferences** from the **File** menu.
